ParentsWeb

Our new **RenWeb School Management Software** gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success – all via the Internet!

RenWeb's ParentsWeb is a private and secure website that has been set up for our school to allow you to see complete information specific to your child. You can view your child's grades, attendance, homework and conduct, as well as other useful school information. You can also communicate with teachers and other school staff online whenever necessary. All you need is an Internet-capable computer.

Here's how to access our easy-to-use **RenWeb ParentsWeb**:

- Go to Internet Explorer and type in the address of our school website at **www.jics.org**.
- Click on the "renweb logo" found on the home page.
- Log in as follows:
 1. Click on "**Create New ParentsWeb Account**" if you have not logged in to RenWeb before. If you have, skip to Step 4.
 2. Enter the district code "**ji-sc**" and your email address that you provided to the school.
 3. Click the **Create Account** button. You will receive an email containing your password within 3 minutes (to the email address you entered, which must be the same email address that you provided to the school).
 4. Click the **Parent** tab.
 5. Enter the district code "**ji-sc**" and your email address that you provided to the school.
 6. Enter the assigned password.
 7. Click the **Login** button.
 8. Change your password to something you want to remember by going to Family Information and then to Change Password.

You should now be logged in to the School Information home page of ParentsWeb. To learn more about ParentsWeb, click the **Tour the New ParentsWeb** button to take a 6-minute video tour.

Note: If you are on a dial-up connection and experience long delays in loading the web pages, please select the **Dial-up** option on the Parents login page before clicking the **Parent Login** button. This will take you to a dial-up version of ParentsWeb that contains the same information but in a dial-up-friendly environment that requires fewer graphics.

Please call us if you have any problems or questions.

We look forward to your participation. Together we can continue to improve our children's academic development as well as communication between our school and your home.
